Dear Sirs:

Enclosed herein please find the following documents:

1. Petition Under Rule 1.181 dated December 19, 2003 and Exhibits A, B, C and D to the Petition;
2. Letter to Milton Cano, Supervisory Examiner dated December 22, 2003;
3. Fax cover dated December 19, 2003;
4. Two fax cover sheets dated January 14, 2004 with our corresponding fax transmission reports indicating the transmissions were "complete";
5. Auto-Reply Facsimile Transmission report from the USPTO dated January 14, 2004 at 9:56 a.m. indicating receipt of the transmission;

We advise that numerous telephone calls were made to Examiner Alexander, Supervisory Examiner Milton Cano and the U.S. Patent Office attempting to obtain a correct facsimile number. Mr. Cano stated by telephone on or about December 19, 2003 that we could fax the Petition to him and he would take the Petition to the Office of Petitions. We then encountered great difficulty faxing the documents as the telephone numbers that we had for the U.S. Patent Office were in the process of changing. We attempted to fax the documents several times on December 19, 2003 and December 22, 2003 without success. We were successful in faxing the documents to Examiner Reginald Alexander on January 14, 2004. Our Fax Transmission of January 14, 2004 included the following documents (enclosed above):

- (a) Two fax covers of January 14, 2004;
- (b) Fax cover of December 19, 2003;
- (c) Letter of December 22, 2003 to Supervisory Examiner Milton Cano; and
- (d) Petition dated December 19, 2003 and Exhibits.

We have not heard from the Office of Petitions. We are therefore re-sending the documents including the Petition.

Yours very truly,

PETITION TO THE COMMISSION UNDER RULE 1.181
PETITION FOR REVIVAL OF ABANDONED APPLICATION
OR A PETITION TO WITHDRAW THE HOLDING OF ABANDONMENT

Mail Stop Petition
Honourable Commissioner for Patents
Washington, D.C. 20231

Dear Sir:

1. On November 10, 2003, we received a Notice of Abandonment of the above application dated October 20, 2003. A copy of the Notice is attached as Exhibit "A". The Notice of Abandonment is reportedly based on the Applicant's failure to timely file a proper Reply to the Office Letter mailed on March 13, 2003 as no Reply was apparently received.
2. A timely Reply was forwarded by fax to the U.S. Patent Office to the attention of

the Examiner on June 10, 2003 at approximately 4:14 p.m. We are in the same Eastern Standard Time Zone (i.e. at that time Eastern Daylight Time Zone) as the U.S. Patent Office. The fax was forwarded to fax number (703) 305-7718. A copy of the fax cover sheet dated June 10, 2003 and the attached Reply dated June 5, 2003 is attached as Exhibit "B". The fax number to which the fax was forwarded is the fax number shown on page 3 of the Office Letter as the fax number for regular communications.

3. We are enclosing a copy of a transmission report, which is automatically produced by our fax machine, indicating that the transmission to the fax number 703-305-7718 was completed and indicating the time at 4:14 p.m. The transmission report is attached as Exhibit "C" and includes a reduced copy of the fax cover dated June 10, 2003. The fax cover is signed by Susan Stasiuk who signed the Certificate of Facsimile Transmission. Susan Stasiuk was my Assistant who prepared the Reply pursuant to my instructions and faxed the Reply pursuant to my instructions.
4. Attached as Exhibit "D" is a copy of a letter dated August 5, 2003 to our client reporting that the Reply was forwarded to the U.S. Patent Office on June 10, 2003.
5. We did not receive a fax receipt from the U.S. Patent Office, but that is not unusual as we sometimes receive a fax receipt and we sometimes do not receive a fax receipt from the U.S. Patent Office.
6. The fax cover indicates that the original is sent by mail and Susan Stasiuk was instructed to send the cover and the reply by mail. Susan Stasiuk is no longer employed by us. We have been practicing before the U.S. Patent Office for many years and we believe that the fax transmission was received by the U.S. Patent Office, but was lost internally.
7. The application required relatively minor amendments to place the application in condition for allowance. The Reply made those amendments.
8. It is respectfully submitted that this Petition be granted without a Petition Fee being required. The fact that the faxed Reply was shown by the Patent Office as not being received was not the fault of the Applicant or us and the delay caused

by the loss of the Reply forwarded by fax to the Patent Office was unavoidable, or, alternatively we require that the holding of abandonment be withdrawn. We request that the Commissioner invoke the supervisory authority to place the application in the position it would have been in had the faxed Reply been recorded as received by the U.S. Patent Office.

All of which is respectfully submitted this 19th day of December, 2003.

ATTENTION: Milton Cano, Supervisory Examiner

Dear Sir:

We are writing to you further to our recent telephone conversation wherein you advised that you would pass the Petition in this matter on to the Commissioner on our behalf.

We are sending a copy of this Petition to you by mail, as we have been unable to forward it to you by facsimile transmission. The fax number in the most recent Office Action from the U.S. Patent Office is no longer accurate. When the fax number (703) 872-9476 is dialed, the operator provides a new facsimile number of (571) 273-1398. However several attempts to fax to this number have been unsuccessful. When this number is dialed we are advised that the number is not in service. We have attempted to

reach you by telephone and have a left a voice mail message for you. We have also attempted to reach Mr. Alexander by telephone, but his voice mail advises that he will be out of the office until December 29, 2003. We will forward this Petition to you by facsimile when we have an accurate fax number.

Thank you for your assistance in this matter. If you have any questions, please do not hesitate to contact our office.
